

United Way of Southern Chester County

PROUDLY SERVING RESIDENTS FROM CHADDS FORD SOUTH TO NOTTINGHAM

What do you think United Way of Southern Chester County will accomplish this year?

- a. Support thirty-two community programs **OR,***
- b. Mentor southern Chester County non-profits **OR,***
- c. Save neighbors in need money on prescriptions **OR,***
- d. Provide household items to families in crisis **OR...***
- e. **All of the above and more!***

The right answer is that, in addition to raising and distributing funds to support crucial non-profit programs in southern Chester County serving residents in need, we do “all of the above and more.” This year, 32 programs will be funded that move people in crisis to stability and, ultimately, independence. These programs, vetted by our intense allocation process, have proven to be both cost-effective and able to produce measureable results in the people whose lives are changed.

But we do more than just act as a funding agent...

Mentoring agencies to become better means more effective programs for southern Chester County. Coaching agencies to develop measurable goals for their work, teaching their boards of directors about the responsibilities of board governance, and helping them keep their financial houses in order are just a few of the ways we work to develop stronger, more efficient agencies. UWSCC provides free workshops for non-profits to develop their organizations to the highest standards of governance.

UWSCC is in the best position to see the state of needs throughout southern Chester County. Where there are gaps in human services, we are developing programs to address those gaps. One of those gaps is the lack of transportation options for people without their own cars. Getting to needed medical and dental appointments can be impossible for some of our residents.

United Way is working collaboratively with other funders to develop our Ride to Health Initiative and address this need.

The director of a local agency was overwhelmed by the amount of time she was spending on financial reports and the numbers still weren't accurate. United Way staff spent time on site developing more efficient and correct reporting. Today, the much happier and less harried director reports she now can spend more time developing programs to address the needs of the stream of clients at her door.

We also act as a distributor of discounted prescription cards through our partnership with FamilyWize. Over 4,600 local southern Chester County residents have saved \$108,000 on prescription drugs since we started this program.

We partner with Bed, Bath, & Beyond to give out household goods to needy families. Since June of 2011, we have distributed through our partner agencies over \$100,000 in bedding, linens, and curtains to clients who need them.

Lastly, UWSCC functions to encourage volunteerism in our residents and pair up volunteer needs with the manpower to get the jobs done. This means providing people to push wheelchairs so seniors with disabilities can enjoy Longwood Gardens, building ramps, or creating murals and painting interiors to beautify non-profits. We believe volunteering benefits the volunteer as much, if not more, than the recipient of services. Over 300 people have become community volunteers this past year and helped better our community through their efforts.

A single mother of two with no insurance burst into tears when the doctor prescribed yet another prescription for her two-year-old. A resourceful nurse at the United Way-sponsored clinic handed her one of the prescription cards distributed by United Way. Today, that sickly two-year old is thriving.

So...

Are you making a difference in your community through your gift to UWSCC?

You bet...

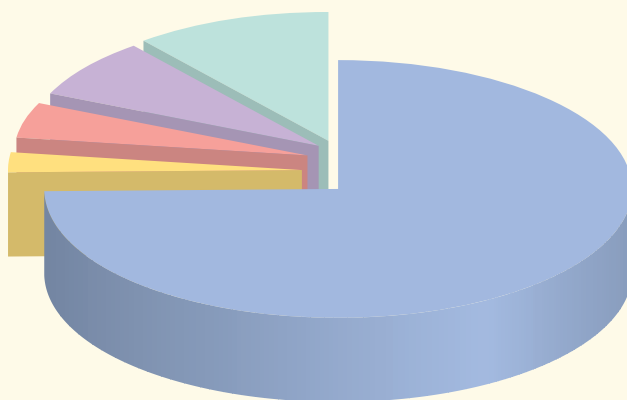

Thank you for joining us to create an even better place to live for all of us!

A survivor of domestic violence is now in her own apartment with her three young children. Her caseworker stopped in to our distribution site to pick up air mattresses, comforters, towels, and a curtain for the bathroom window for her. Her children will not have to sleep on the floor tonight.
