UWSCC IN THE COMMUNITY

Digital Equity Community Conversation: Bridging the Divide

Last week, United Way SCC witnessed a pivotal moment in its quest for digital equity as community and Board members gathered for a transformative conversation. The event, marked by community support and informative discussions, served as the inaugural step towards bridging the digital divide in our region. With a shared commitment to inclusivity and accessibility, participants explored innovative

solutions and actionable strategies to ensure that every individual in Southern Chester County has equal access to digital resources. This landmark gathering not only laid the foundation for future initiatives but also ignited a collective determination to make digital equity a reality for all.
