UWSCC IN THE COMMUNITY

Highlighting Community Strength at the 20 Men Project Panel Discussion

On June 4, 2024, the Nth Innovation Center in Coatesville, PA, was filled to capacity as community members gathered for the 20 Men Project Panel Discussion, a prelude to the upcoming Juneteenth Celebration in Southern Chester County's Kennett Square Area. This event, part of the NAACP Coatesville Juneteenth Celebration, showcased the power of community and the importance of representation.

The 20 Men Project began as a series of portraits highlighting the everyday stories of Black men, aimed at combating negative stereotypes. Over time, it has evolved into a traveling exhibit and community discussion panel, bringing to light the experiences and contributions of Black men in various communities. For more about the project, visit [Sandrien B Photography](#).

Board member Jerry Franklin Poe was the only representative from Southern Chester County involved in this project, and had the honor of moderating the panel and being a featured member of the exhibit. The discussion was engaging, insightful, and well-received, drawing a standing-room-only crowd eager to participate and learn.

Mark your calendars for June 22nd, when the panel will travel to Kennett Square for the Juneteenth African Marketplace at The Creamery. This promises to be another enriching event, celebrating freedom, culture, and community in Southern Chester County.

We look forward to seeing you there and continuing this important conversation.
